*(Incorporated in the Cayman Islands with limited liability)*

*(Stock code: 03718.HK)*

(October 23, 2020—Hong Kong) Beijing Enterprises Urban Resources Group Limited (hereinafter referred to as the "Company" or "Group"; stock code: 03718.HK) is pleased to announce that Beijing Enterprises Urban Environmental Services Group Limited, a wholly-owned subsidiary of the Company, has successfully won the bid for a project, the Quannan County Village Environmental Long-term Management and Protection Marketization Service Project (Domestic Service) in Ganzhou City, Jiangxi Province and received a letter of notification of successful tender on October 22..

The service scope of the project includes but not limited to township and countryside cleaning, purchase of sanitation facilities; daily cleaning, maintenance and management of 280 public toilets in 9 towns; public green site cleaning and weed control service; maintenance and management of fitness equipment in 9 towns; river and sewage facilities cleaning within the designated area of 9 townships including Chengxiang Town, Zhongzhai Township, Shejing Township, Longyuanba Town, Longxia Township, Jinlong Town, Pitou Town, Nanjing Town and Dajishan (covering 793 natural villages and 1,025 village groups) in Ganzhou City, the PRC. The total contract value is expected to exceed RMB 58.90 million, and the estimated annual revenue is RMB 19.63 million.

Our ability to offer one-stop solution in treating municipal solid waste via our environmental hygiene services, provides us with more opportunities to participate in new projects and expand our market share, which benefit us in winning the bid successfully. By attracting, retaining, and motivating key management personnel and top-qualified personnel, we accumulate In-depth capabilities and management experience in environmental hygiene services. In the future, the Group will put the conviction of green and sustainable development by China's government that "lucid waters and

lush mountains are invaluable assets” in practice, build a new industrial layout, strive to become a "integrated waste management solution provider and leader", leading the industry to develop in a standardized, orderly and strong direction.

*The Company wishes to state that the Group obtained the result of the Tender from the relevant platform of the local authority in the PRC and has yet to enter into any formal contract in relation to the Tender. The actual contract value and total revenue may be different to this press release as a result of any unexpected changes in the market environment and other conditions. No forecast or prediction of the profits of the Group has been made with regard to the Tender in this press release.*
